I can't even begin to tell you how beautiful my kitchen is!!! It is prettier than I every imagined even with the boxes and dust in it. I LOVE, LOVE my island. I just might cook more ~ don't tell my husband that though LOL. The kids and my husband love the drawers. I can't wait until the appliances are put in next week.

I am extremely fortunate to have had you as my designer. THANK YOU, THANK YOU!!!!!!

Have a great day.
